

It's Golf... with Discs!

General

Like the ancient game played with clubs and balls, disk golf provides recreation, challenge, and competition for athletes who love the outdoors. Both golf games share the same structure and thrills, the only real difference are the equipment. Players throw specially designed golf discs to handle any obstacle a course may present. While you play to complete the course in as few throws as possible, it only takes one great throw to bring you back another day. Disc golf is played like ball golf using a flying disc. One point is counted each time the disc is thrown and when a penalty is incurred. The object is to acquire the lowest score.

Tee Throws

Tee throws must be complete within the designated concrete tee area. Do not throw until the players in front of you are out of range.

Lie

The spot where the previous throw has landed, mark with a mini disc or turn over the thrown disc, directly towards the hole

Throwing Order

After teeing off, the player whose disc is farthest from the hole always throws first. The player with the least amount of throws on the previous hole is the first to tee off on the next hole.

Fairway Throws

Fairway throws must be made with foot closest to the hole on the lie. The other foot may be no closer to the hole than the lie. A run-up and a normal follow-through, after release, are allowed.

Putts

Throws within 35 feet of hole are considered putts. A putt must be made with the foot closest to the hole on the lie, and the other foot can be no closer to the hole. No follow-through beyond the lie is allowed, as the player must display balance until the disc comes to rest.

Completion of Hole

A disc that comes to rest in the Disc Pole Hole basket or chains constituted successful completion of that hole.

Unplayable Lie

Any discs that come to rest above the ground is considered an unplayable lie, such as landing in a tree. The disc must be thrown from the lie on the ground, directly underneath the un-playable lie. A disc that lands in the pond will be played from the point the disc entered the pond as an out of bounds throw

Out of Bounds

A throw that lands out of bounds, must be played from a point 3 feet in bounds from where the disc went out of bounds. Landing on or across, roads, parking lots, or fences are always out of bounds. Landing in the pond is out of bounds. Landing across the creek on holes that do not cross the creek is out of bounds (holes 6 and 7).

Penalties

Recreational players will not be penalized for rule infractions. Other players will keep you honest. Advanced players will be penalized one stroke for an out of bounds throw.

Course Courtesy

Please pick up trash and help new players play by the rules. You are the one who makes it work. By your example, Disc Golf will change your life and theirs too. Remember the most important rule: The
